

Revised Council Agenda Report

From: Paul Sloan, Economic Development Manager

Subject: CONSENT AGENDA ITEM 6:
Lease Agreement with Congressman Jimmy Panetta for a Congressional District Office
located at the Train Station at 800 Pine Street

Date: January 31, 2023

After the agenda for this meeting was published, staff received a request from the office of Congressman Jimmy Panetta to modify certain terms of the proposed lease of space at the City-owned Train Station at 800 Pine Street. Due to the timing and scope of the proposed modifications, staff is requesting the City Council not act on this item.

Congressman Panetta remains eager to opening a District Office in Paso Robles, however with the County COVID-19 Testing Center no longer operating within the Train Station, they are evaluating opportunities to maximize the use of available space to better serve the public. Staff intends to bring the updated proposal before City Council at the February 21, 2023 meeting.
