To whom it may concern,

Thank you for the opportunity to work within the City of Paso Robles as a City-Approved Arborist. I am excited and committed to performing within the provisions of the City of Paso Robles Oak Tree Preservation Ordinance for any projects I am retained to work on within the city limits of Paso Robles.

I have extensive experience and interest in performing and preparing tree inspection reports, tree risk assessments, tree appraisals, and reports specifying tree protection measures related to development, and I think that I would be an asset in preparing and reviewing needed arborist reports, reviewing tree protection plans, reviewing Protected tree removal/pruning permits applications, formulating conditions of approvals for tree removal permits, conducting site visits, reviewing the feasibility of design alternatives, monitoring replacement trees and noticing, etc. while helping make the decisions on tree removal permits, reviewing and providing comments on tree protection plans and development applications regarding impacts to trees.

I possess the following qualifications:

- Master's Degree in Geography/Natural Resources Management
- Geographic Information Systems/mapping specialist
- International Society of Arboriculture (ISA) Board Certified Master Arborist (WE-9474B);
- Current ISA Tree Risk Assessment Qualification holder;
- Registered Consulting Arborist (#556), American Society of Consulting Arborists (ASCA).

I appreciate the opportunity to work with you and hope that I can provide value and extensive expertise to help manage your urban forest.

Sincerely,

Sam Oakley
