Re: Arborist Certification Statement

Dear Kim,

I have worked in and been a part of Tree Industry my entire life. My great grandfather, both grandfathers, and father are all certified arborists and owned and operated their own tree services. After growing up working for my family, I started 4th Generation Tree in 2017 and was the youngest certified arborist in the United States at the time. I have owned and operated my business for 7-years and have provided countless clients arborist consulting services throughout San Luis Obispo, Santa Barbara, and Monterey Counties.

4th Generation Tree is a full-service vegetation management firm that can handle arborist consulting services with two full-time ISA Certified Arborists, tree trimming, tree removals, stump removals, weed abatement, brush clearing, and all other vegetation management services. I look forward to serving the City of Paso Robles in any way I can help.

Sincerely,

Morgan Scovell
