## RESOLUTION 23-XXX

### A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL PASO DE ROBLES APPROVING THE UPDATED PURCHASE OF PASO ROBLES POLICE DEPARTMENT'S BOOKING, BUILDING CAMERAS, AND SERVER STORAGE SYSTEMS

---

WHEREAS, the Paso Robles Police Department's approved booking/jail cameras and server storage lack adequate video coverage and storage capacity, which makes compliance with California Government Code 34090.6 and its requirement for one-year of routine video monitoring retention difficult; and

WHEREAS, the Paso Robles Police Department is seeking an additional allocation of \$119,437.37 beyond the previous project scope approved by the City Council on June 21, 2022, to address deficiencies in the existing surveillance system; and

WHEREAS, SOV Security utilized California Multiple Award Schedule pricing or GSA Federal Cooperative Purchasing and is the only supplier of a camera system that supports integration of various systems used by the Paso Robles Police Department; and

WHEREAS, the approval of additional surveillance system equipment is exempt under the California Environmental Quality Act, State CEQA Guidelines section 15378(b)(3), which states that CEQA does not apply where it can be seen with certainty that there is no potential to result in either a direct, or reasonably foreseeable indirect, physical change in the environment; and

WHEREAS, the Paso Robles Police Department seeks to have a complete video security system to ensure the safety of all Police Department personnel.

NOW THEREFORE IT BE RESOLVED, the City Council of the City of El Paso de Robles does hereby incorporate the recitals described above herein and approve the purchase and installation of the Public Safety Center booking, building cameras, and additional server storage systems in the additional amount of \$119,437.37 (as described in Exhibit A and B attached hereto).

BE IT FURTHER RESOLVED, by the City Council of the City of El Paso de Robles that the City Manager is authorized to undertake any and all action to successfully complete the transaction and installation.
