**[EXTERNAL EMAIL]**

Dear City Council ~

The downtown City parking fees have caused nothing but angst and inconvenience for the citizens & tourists visiting downtown.

What may have been meant to be a deterrent for employees taking up parking places has turned into a "punishment for all of us".

Enough is enough. The program has not worked. We're respectfully requesting the parking fees be discontinued completely.

Sincerely,  
Diane & Stephen Smith

  
Paso Robles, CA
