Facts

1. The City has a fiduciary responsibility to maximize the productive use of its assets entrusted to its care and to manage those public funds wisely and prudently. To achieve this responsibility, the City has an adopted [Investment Policy](#) to guide the investment of idle City funds.
2. California Government Code Sections 41004 and 53607 require the City to report certain investment and financial activity each month. As a result, this report presents the fund balances, receipts, and disbursements for the City's operating cash, investment portfolio, and restricted investments for the month of February 2024. Total investment portfolio assets are shown in the attachment and reflect all investments under the care and control of the city.

The liquidity funds are monies that are generally available to the City with little-to-no notice and include funds held in the Local Agency Investment Fund (LAIF), money markets, and California Asset Management Program (CAMP). The short-term portfolio is made up of fixed income securities that mature in less than one year and the long-term portfolio is made up of fixed income securities whose maturities are greater than one year, but less than five years.
4. PFM Asset Management LLC provides advisory services to the City for the short-term and long-term portfolios; liquidity funds are managed by the Administrative Services Director/City Treasurer.
5. The investment portfolio complies with all State laws and Council policy and provides sufficient liquidity to meet the City's needs over the next six months.
