RE: Professional Services Agreement – Additional Services, Amend No. 2

Good afternoon, Warren,

As requested, I am available to extend my services as the Contract Development Review Engineer through March 31, 2024.

Services would continue to be performed in accordance with the original agreement dated 05/01/23 on an hourly basis, and the total cost for additional services under this amendment will not exceed \$13,650.00 for this period, based on three months at an average of 10 hours per week. With Dante now in place, I should be able to reduce my hours to this level with the majority of my work being accomplished off site. This should also free up my workspace at City Hall for the incoming planning intern.

It is my understanding that under item 3 of the agreement, additional work, The amendment to the contract will be prepared by the City. I have attached a copy of Amendment No 1 to my contract for reference.

As always, it's a pleasure to continue to assist the City and its staff during this period of transition.

Best regards,

Joseph A. Chouinard, PE
