EXTERNAL EMAIL

Dear Paso Robles Planning Commission,

This email is in regards to a review of residential businesses in Paso Robles. I have a particular concern regarding over-night pet sitting restrictions in our community ... As a small business owner myself, I rely on this ESSENTIAL service to provide care of my beloved pet and "family member" when I am traveling out of the area. I have specifically sought out an environment that mimics a home-like setting, for this care, to reduce stress for my pet.

LOCATION is very important for several reasons ...

- 1) It supports local business.
- 2) Minimizes the driving distance and reduces traffic congestion on our streets.
- 3) Increases convenience to access for visitors to our community. (TOURISM)
- 4) With all of the challenges that face small business owners ... WHY would we restrict financial potential?

I OPPOSE any changes that would disallow over-night pet sitting within Paso Robles City limits.

Respectfully submitted,
Melinda Voigt
