### Paso Robles Visual Arts Project

#### Mission Statement

Paso Robles is an exciting and unique destination for several reasons. Known for its wine, culinary excellence and live entertainment Paso exceeds 1.5 million visitors per year. As of recent The visual arts in Paso are gaining popularity and acclaim.

In 2021 Ken Hunter opened the "Field of Lights" exhibition with artist Bruce Munro. People are coming from near and far to immerse themselves in the mesmerizing field of light.

Artist Dale Evers is 40 year veteran of the visual arts and is currently the Artist in Residence at Sculprerra Winery. Evers is leading the charge to establish Paso Robles as a cutting edge art destination that will add to its reputation as a creative bastion.

### DALE EVERS STUDIO

Dale Evers is a cutting edge American artist. Always the innovator and established as a premiere sculptor/designer of centerpiece art, Dale has gone beyond pure sculpture to successfully blend the world of fine art and functional design. Recognized as a pioneer for his stunning table designs, water features, and his ability to mix mediums at a unique and sophisticated level, Evers has continued to expand his vision for art that serves purpose.

A product of an artist's love of all things natural, Dale has always pushed the envelope of creativity driven by inspiration. The artist spends much of his inspiration time with a camera, above water and below. The Artist gathers data that trigger Ideas. Ideas that manifest themselves into Glass, Bronze and Steel objects de' arte. Dale Evers designs are authentic, fresh and bold.

It is the artist's ability to fuse glass bronze and steel into inspired creative reality that sets Dale Evers work apart.
